New Vrindaban Go-seva

The Longest Running Cow Protection Program in the Western World

Protecting cows is one of the most important activities of the New Vrindaban Community. The Vedas, Saints and Sadhus, and Lord Krishna himself proclaim that service and protection of Mother Cow is the greatest solution for mankind's suffering, the path to real peace.

Since 1967, the New Vrindaban Community has been protecting and serving her resident cows with a similar standard to what Lord Krishna himself practiced five thousand years ago. Lovingly cared for through their happy life, they are provided everything they need.

In return, They generously provide creamy milk, which is offered daily to the Lord in the temple. The same devotee hands that dress and decorate the Deity, also brush and care for the temple cows.

The New Vrindaban Go Seva program, started on the order of His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, not only provides milk for the Lord and his pilgrims, but also gives hope by practically demonstrating the divine and harmonious relationship between man and cow for all the world to see.

"We revere Lord Krishna, His association with cows made us worship them as our mother. Friends, I appeal to you to reflect on whether we should kill our mother cow who gives us milk, essential for our children's health. Our future generations may not get sufficient milk and yet there are those who would kill the cows. I'm sure that you will contribute your might in stopping such an insane act."

-Narendra Modi
Chief Minister Gujarat

The New Vrindaban Goshalla is able to continue its work because of our family of supporters.

We invite you to join us and experience profound peace and happiness by becoming a co-carer of cows at New Vrindaban

Few years back the problems started coming up in my family life due to the black magic done on my family and me. Even though my family members consulted many astrologers here and in India, the problems were not solved. Finally, I came to you through my sister. You analyzed my horoscope and performed wonderful rituals. Now I am getting alright. Thanks and Namaskars.

Due to jealousy, heart burning or some base cause, the Tantriks use cheap tactics to overcome the adversaries, which ruins one's life. Are you also under such a spell? We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return the proportions of our labor. We get very little even after the best of our efforts, we toil to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just be putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you,

Guru Ji

I am regular reader of KARMA. The subjects are very interesting what you are mentioning through the magazine. Now I believe you can help me with my problems.

My name is Brij Prasad and born in Asian Country (- Myanmar) raised broad up with Hindu Religion and culture. My date of birth is 12/28/1947-sunday evening 11.30 p.m.

I came to this Country 12 years back and struggled hard. Started the Business with partnership as per his request but later I was cheated by him and lost. Second time nearest friends requested several times to work as partner and I accepted. But lost due to bad economy. I was bankrupt and lost all my possessions including 401k. Now I am working for my previous owner to survive with less pay. This employer knows my working hard, skill and honesty. He knows that I can run the business very well. He is offering me that he will finance to buy the business which I am working for. The problem is down payment. He is asking is beyond my reach. I can afford only 40% from my wife's 401k not the price. I want this business badly for my future. I am afraid to bargain before your advice or help.

Please help me or guide me what to do seeing my status and horoscope.
I can practice anything if there is no expense my income is too low now.

Thanks

Brij

I recently got married. It was an Arranged marriage. I am a Banglorean and my Husband from Chittoor - Andhra Pradesh. I am working women and before my marriage could settle, I had in advance told about my things and commitments to my Husband.

Initially after engagement everything was okay and good. But soon after my marriage, I started facing lot of problems. My husband is just filled with too much of negativity. He just thinks only of negative things about me. He doesn't trust me at all. Day by day, he started fighting with me for small small reasons. In case I just come 5 mins late from office, he will start thinking all kinds of negative things and when I come home he will start fighting with me. This became to the core that now if I got out too, he suspects me that I look at other guys. Once he starts fighting He scold me in Bad words. He misunderstands for each and everything. He doesn't Trust me at all.

But Somewhere He loves me.. So I just want to save him and my Marriage life. His parents also doesn't understand me. They support him only.

I love him very much and I just want to save this marriage somehow.

Please help me in giving some mantras that will increase Trust and Love and positive thinking within my husband. Please heal my relationship and misunderstanding.

Due to jealousy, heart burning or some base cause, the Tantriks use cheap tactics to overcome the adversaries, which ruins one's life. Are you also under such a spell? We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return to the proportions of our labor. We get very little even after the best of our efforts, we toil to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just be putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you.

Comments : Dear Swamiji- What an awesome, excellent reading and rituals to solve the problems after the readings. Everything is exactly right! Your reading, your books and the Atharva Vedic Tantric Rituals performed as per your directions have renewed my entire life. These have increased the faith and interest in astrology. I will be returning to you in the future for horoscopes for my family and the entire welfare of them.

Comments : Swamiji, your Vedic Astrology Reading Impressed me with how accurately it described me, my career, my family, specific phases/events that had already happened in my life and, astonishingly, even my current home, possessions and activities. It seems I have already arrived at some 'ideal' milestones. The Vedic Astrological readings really helped me understand myself and why I function the way I do as well as how and why my life journey has arrived at this point. Beyond the past and present, the reading clarified lessons I should learn or gave tips on the best solutions for problems sitting in my subconscious. I feel quite comfortable, reassured and even a little excited! It is enlightening to know the areas I should concentrate on to improve my progress in this life, make peace and get in touch with who I am. Thank you very much for the great predictions.

Comments : One night after I had gone to bed I had the glimpse of Swamiji in a dream. I saw a scene in which a Yagna was going on and it was being performed by Swamiji in the company of several disciples.

In the next scene I saw Swamiji with both palms joined seated before the Yagna fire. Siddhar Ji was chanting yakshini Thilotma Mantra.

In the third scene I saw that Swamiji had raised his right hand in blessing and he was seated three feet above the ground. A divine radiance was pouring out from his hand and eyes. The brightness of the light made me shut my eyes. The next morning when I saw the rising sun I realized that the light I had seen in the dream was even more bright than the sun. I felt blessed on having the glimpse of our Swamiji. I hope he keeps blessing me all my life.

Comments : In July 2011 as directed by you I started the Atharva Soolini Sadhana in order to complete 1.25 lakh chantings of its Mantra. I did the Sadhana both in the morning and at night. When I started the Mantra chanting all was fine. Fifteen days went by but I had no divine experience. But suddenly one day my body became tense and my hand, rolling the beads of the rosary stopped. There was intense pain in the whole body. I could hardly hold the rosary. Then I clearly heard a woman's voice.

I could not understand what was going on. Then again my fingers started to move and I resumed the Mantra chanting. That night I felt very light. I realized that Mother Goddess Soolini was there somewhere nearby. Thus I completed 1.25 lakh chanting in 21 days. I had to perform oblations twelve thousand times in the holy fire. Along with other disciples of Swamiji, we started the Yagna. The Yagna had just started when suddenly a milky light appeared in the room. One of the disciples even took a photograph of the divine light, then there was a loud knocking at the door. When the door was opened there was no one there.

When the Yagna was over the sweets were distributed. After some days when the negatives were developed we clearly saw the form of Goddess Soolini in the picture of the holy fire. It is all due to the grace of Swamiji that I could accomplish such a tough Sadhana. When we were singing a hymn, in the end one of the disciples became so overwhelmed by the divine atmosphere that she suddenly shouted - Swamiji is here! Sing loudly! Thus this wonderful Sadhana was accomplished with amazing experiences. May holy Swamiji always shower his grace on us.

Comments : This event relates to 22nd June 2011. As usual that day I was engaged in worship early in the morning. Suddenly I had a very strange experience. As I was chanting the Guru Mantra my eyes closed on their own. I wanted to but could not open them up. Thereafter I started to chant the Atharva Soolini Siddhi Mantra. I felt as if my body had become lifeless. I also felt as if I was not in my Sadhana room rather I was somewhere else where there was snow on all sides. Then suddenly I saw Swamiji Sri Selvam Siddhar. He was seated on a very clean and huge rock. His eyes were closed and he was deep in Samadhi. Very wonderful was the scene.

For some moments the scene remained before my vision and then suddenly I opened my eyes to find myself at home. It seemed as if I had traveled from somewhere far. Tears were flowing incessantly from my eyes and I was feeling very peaceful at heart. I have had many experiences during Mantra chanting but this experience was unique.

It was all due to the love and blessings of Swamiji. I often feel the subtle presence of Sadgurudev Nikhil. Many times I can smell a divine fragrance marking his presence.

Comments : I have been reading the magazine for the past several years. I obtained Guru Diksha in the retreat camp last year. In November last year my second son got married. A month before that I suddenly developed Sciatica pain. The pain grew so much that I found it difficult even to walk. Many expert doctors were consulted but the pain grew worse. I became very worried and one day while worshipping Swamiji I prayed to him to cure me so that I could attend the marriage of my son. I even sent a letter to Swamiji to this effect.

Then all of a sudden I came into contact of a person who knew about nerves and how to cure related ailments through

massage. The doctors advised me against it but I went to the person for three days and within three days I was fully cured. The marriage went off well and I could participate in it due to Swamiji Sri Selvam Siddhar Ji 's grace. Today I am totally healthy. I offer my prayers to Swamiji and ask him to keep showering his grace on us always.

Comments : I am a farmer in Bakersfield , CA. I used to work very hard in my fields but the fruit of my labor was never adequate. This is why I started to feel bored of farming. The work was more and returns were poor. I also found it difficult to sit in Sadhanas and chant Mantras. So Guru Maharaj advised me that I should offer my services to Him. So with the help of other disciples of Gurudev we organized a Sadhana Camp in our farm. Revered Gurudev Ji graced the occasion. After this there was no looking back. The doors to fortune that seemed to be shut for me for the past five years were thrown open. This year I had record turn over from my land. This happened due to the love and blessings of Sadgurudev.
